

The LifeSci Advantage Program is a comprehensive, multifaceted program working with providers and pharmacies to ensure the best possible therapeutic options for patients. Our focus is the patient. Our efforts minimize and simplify the time and processes necessary to get patients the medications needed.

- Simple & quick determination of coverage benefits.
- EMR solutions resulting in on-formulary *e*-Prescription.
- Reduced number of Prior Authorizations.
- Assistance in identifying alternative medications.
- Notification of patient non-adherence and/or refusal of prescribed medications.
- Up-to-date patient Rx data in EMR.
- Increase patient medication treatment adherence.
